

# GET-IT Journey Milestones

TCS iON Job Achiever Programme for Graduate Engineer Trainee - IT

Dec '25  
Mandya  
Karnataka

### Legend & Planning Notes

To start and move to other **phase**, ensure all mandatories and feedback are completed

**Program Orientation Webinars** to explain details of events and content in the program

**Industry Project** needs to be completed within 6 weeks as per guidelines and deliverables indicated in Project Kit

Live connect with **Master Mentor** from industry for guidance on Industry Project

**Module Orientation Webinars** to introduce core domain modules. Always on Mondays from 1100 hrs to 1300 hrs

You have 12 weeks to complete all the Practice Packages and Assessments for each of the **7 Core Domain Modules**.

M1

**Classroom Technical Mentor** will help in progress with the Practice Packages and prepare for the assessment

All **Modular Formative Assessments** will be available from 4pm on the mentioned date

The study content on four areas of **Domain Emerging Tech** – AI/ML, Data Science, Cyber Sec & Cloud Computing

**Classroom C2C Workshops** with soft-skill faculties for five full days in the Phase 2 of the journey

**Interview Prep Workshops** in classroom to help with resume-building and facing interviews

**Interview Prep:** Access to unlimited AI based **Mock Interviews** for two months with our Partner app Remasto

|       | Sun    | Mon                                                                                                                                            | Tue                                                                                                                        | Wed                                                                                                                           | Thu                                                                                          | Fri                                                                                                                   | Sat    |
